Subject: Re: Screening Dates - Series K

Sensitivity: Confidential

Valerie,

The tentative dates that are currently in place for short term Series K (AA02981) screenings and physicals are:

screenings -- all from 6-11am (as of now)
M 6/1
Tu 6/2
W 6/3
Th 6/4

physicals -- from 2-7pm (as of now)
W 6/11
Th 6/12

Since the long term Series K (AA03468) is a continuation, there will be no screening.

Hope this helps!

Thanks
Kim

Kim:
I'm not sure if they've been identified yet, but could you please let me know the screening dates as they are scheduled for the Series K short and long term studies?

Thanks,
Valerie
